## POPULAR NOVEL IS DRAMATIZED FOR MOVIES

Sylvia Sidney and Frederic March Co-Star in Capital Film

"I Jerry, Take This, Joan," starting first novel of Cleo Luce, short story author and Hollywood syndicate writer, has been filmed by Paramount as a co-starring vehicle for Sylvia Sydney and Frederic March and starts a three days' engagement today at the Capital theatre.

In Miss Luce's story, studio experts immediately recognized dramatic qualities of a high order. It has been made into a picture drama in which Sylvia Sydney and Frederic March find an admirable vehicle for their superior dramatic talents.

The picture is presented under the title "Joan and Jerry." It dramatizes the story of married life in America's modern young group of irresponsible. The novel became one of the best sellers of the past year and the picture closely follows the dramatic episodes of the original story.

On the excellent program is to be a super comedy creation entitled "Chess Nuts" (Patrol) special novelty and ever popular Canadian Musical Comedy of the World.

**SALT RESOURCES**  
It is becoming more apparent each year that the salt resources of Canada, especially those of Nova Scotia and New Brunswick, are very large, says the Dominion Bureau of Statistics at Halifax, in Nova Scotia, about 300 feet of salt lies beneath the surface of the province, about 1,000 feet along the coast and about 350 feet down the dip, two wells at Gaspere, New Brunswick, have penetrated several hundred feet of salt and recently a well drilled by the International Nitrate Company near Napan, Nova Scotia, passed through several hundred feet of salt.

**EDIBLE BIRDS' NESTS**  
One of the most important articles of commerce exported from British Malaya is edible birds' nests. The value in 1929 was \$35,336. Of that amount \$46,423 went to British Empire countries and \$7,913 to foreign countries. These nests are composed chiefly of the salivary secretion of several species of swifts. The birds are found in India, the Malay Archipelago and Australia.

It is estimated that more than one-third of all the Federal and state prisons in the United States were constructed before the Civil War.

It is not sometimes, but that doesn't last and what difference does it make?

"It's only hot. You are not built in humidity as you are back east."

# Harvester Will Reduce Wheat Yield

## Harvesting Already Underway In Some Southern Districts

**Crops Have Ripened Rapidly and Filling Out Process Has Not Been Good**  
Consequent upon hot, dry weather which has prevailed during the last two weeks in most districts of Alberta and especially the southern section, the wheat yield will be somewhat reduced over estimates of one month ago, but still will be a good average yield, according to the eighth crop report of the Provincial Department of Agriculture, released on Saturday.  
As a result of the hot weather most crops have ripened rapidly in many places and the filling out process has not proceeded as satisfactorily as desired.  
Practically all of the southern districts have suffered seriously from the hot weather and lack of rain. Though total yields will be reduced, the harvest at a whole will be substantial.

**Few Good Showers**  
There have been a few good showers in the Medicine Hat area and rain runs in a few other localities, but there has been no general precipitation. Total rainfall from June 1 to Aug. 5 is .32. Estimates of wheat yields range from 12 to 20 bushels an acre. In the irrigation districts water has been applied plentifully. The crop in the south is good, but the second crop of alfalfa is not as heavy as hoped for.  
Pasture and range have somewhat deteriorated. In the west central areas, crops continue to promise well and in fact a few districts have welcomed the hot weather, since it has been somewhat late and of rank growth. In the Edmonton section, the continuous rainfall, but there has been some deterioration due to the dry weather. In the south, the crops are in good condition, but some of the grain crops have ripened fast under the dry spell and yields will be reduced.

**Cutting Delayed**  
At Grande Prairie the July precipitation was slightly more than two inches and the report is that wheat has filled well. Cutting will not start for another 10 days.  
It has been comparatively little damage from hail. Grasshopper and still active, but in the south, they are in flight and attacking the crops of the grain.  
There will be no lack of harvest this autumn, since all demands will be met from the crops at present in the province. No help will be required from those outside the province.

**BISUM SULPHO**  
Mrs. — (name on application) writes: My daughter has been a sufferer from Eczema from infancy and I used Bisum Sulpho ointment in directions and now she is entirely free from it.  
It was also used for Rheumatism by another member of the family and it has removed all the trouble.  
The results were quickly obtained and I can heartily recommend it.

**FUNERAL CHAPEL NEARS COMPLETION**  
**Andrews Bros' Building Makes Fine Progress**  
Really remarkable progress has been made on Andrews Bros' building funeral chapel on Jasper Avenue west. The interior finishing and decorating is being rushed to completion and the building of the lawns and landscaping is being carried out by experts.  
The installation of the marvellous new pipe organ has been completed and this instrument is certainly a credit to Edmonton, and should attract great numbers of people to the middle of this month.  
No effort is being spared to make the entire chapel outstanding in either an interior or exterior appearance, and the various architectural ideas have been incorporated in its construction.

"I'll plead guilty to anything, if I can only have a chance," announced Harry Kelly Saturday morning when he was arraigned on a charge of creating a disturbance. Kelly got his chance and will appear in court this week-end.  
Kelly, according to evidence adduced, entertained late promenaders on Jasper Friday night with song and dance.  
Fred Schlegel was dismissed on a charge of negligent driving, out of an accident early this week on the Latta where his motorcycle crashed into a car driven by George West of Barab, Alberta.  
One eye-witness to the crash testified that accused was hitting a 20-mile an hour clip across the bridge, while the second eye-witness testified that the car was not going above 15.  
Magistrate Col. George McLeod looked over the scene of the accident and the condition of the road before discharging the youth.  
Arraigned on a charge of theft by conversion of \$500, R. A. Williams reserved his plea, and the case was set over for hearing until next Tuesday.  
The case will take the form of a preliminary hearing with Charles Valenz acting in behalf of defence.

**Miss McMahan Wins Four of Six Events, While Willetts Makes Clean Sweep in Men's Division**

The annual track and field day of the department of education and University of Alberta summer school was carried off with marked success Friday. With fine weather favoring the event a large gallery turned out to witness a stellar class of sport. From among the teachers attending the summer session of the 'Varsity there appeared upon the award inside the stadium a galaxy of fine versatile athletes.

Individual stars of the meet were Vada McMahan of Calgary and Cliff Willetts of Edmonton who won the individual track championships, piling up large percentages of points.

Miss McMahan, blonde star of the football city, made an unusually splendid showing, taking first place in four out of the six women's events and starring on the Calgary team which won the women's relay championships.

**INDIVIDUAL STAR**

Cliff Willetts, lean Edmonton youth, showed an all-round prowess, sweeping the boards with first place in every event on the men's side. He piled up an aggregate score of 26 points to take the men's overall title, a feat equaled by a wide margin.

Student representative of Calgary walked off with the honors as far as parties were concerned, with a total of 42 points in his credit. Edmonton placed second with 42 points, while Calgary representatives placed third with 12 points.

**REAL THRILL**

The men's 400 yard race provided a thrill for the spectators. Can-Cym, running in great form, led the field for the whole course and looked like a sure winner until the last two yards when Willetts' victory took them. They finished practically neck and neck as the crowd went wild. Willetts grabbed first place by a last minute sprint which gave him the race with but a few inches to spare.

The results of the events were as follows:

## CANUCKS LOSE YACHT START

### Vancouver Skipper Gives Winner Real Race

By EMMER DUMAGUE  
CANADIAN PRESS STAFF WRITER  
LOS ANGELES, Calif., Aug. 6.—Canadian yachtsmen made their first bid for Olympic honors at the San Pedro regatta yesterday, and although they failed to win a victory they were by no means out of the running.

In a close battle with Owen Churchill of Los Angeles, skipper of the Santa Maria, led by seven minutes over a 19-mile course in the eight mile class. Mailand guided the Santa Maria into victory pos-

tion but the Angelita was too fast. Three other Canadian crews took part in the regatta, but only one, the Angelita, which placed third in the six meter class, behind Churchill's Santa Maria and Ten Cent of Santa Monica.

Yachtsmen regard Captain W. A. Wiles of Vancouver in the rank of All Star. Despite the defeat, Wiles brought his boat into first place.

Reginald Dixon of Toronto sailed his craft into seventh place in the six meter class. Taylor Dixon was second in the series for the six meter class, but he said, "All competitors must alternate at the helm of different boats at each race."

# SMILES

"What is it about the party?"  
"Oughting an old maid."

Giddy! I got that ball we lost this morning, sir. Got it from a small kid.  
Good. I'll hand you what you gave him last time. Giddy. No thanks! I gave him a punch in the eye.

## SURE THING

The men who think they're very wise, while shouting 'oh yes' to him, may some day have a vague notion. It wasn't worth the amputation.

"Enjoy your vacation in the mountains!"  
"No, I nearly got knotted there."

"Can you give me a pair of old shoes?"  
"No, I can't; besides those you are now wearing seem to be brand new."  
"That's just it, mum, they shoo my business."

## EASY

When money talks, some folk may talk. That they are city dwellers, and they can drop in at the bank and interview the tellers.

"Decided where you are going on your vacation yet?"  
"Not, can't seem to find the right spot."  
"What sort of a place are you looking for?"  
"One where my pocketbook can enjoy a vacation as well as the owner."

"I wish you'd quit darning me for that suit. Do you object to giving me time?"  
"No, I don't, but I do object to giving you the suit."

Farmer: You seem to enjoy those fresh vegetables.  
Summer: You seem to enjoy those fresh vegetables. You get them from the same store up in town that we do.

# MAGICORNER

HOW TO DO LAST WEEK'S TRICK OR MAKING A NEEDLE FLOAT ON WATER - RUB THE NEEDLES BETWEEN SLIGHTLY GREASED FINGERS... NOW FLOAT A PIECE OF TISSUE PAPER ON THE WATER AND LAY YOUR NEEDLES ON THE PAPER... VERY SOON THE PAPER WILL BECOME SOAKED AND SINK TO THE BOTTOM, LEAVING THE NEEDLE FLOATING ON THE SURFACE!!

CUT OUT THE MAGICORNERS AND SAVE THEM!!

So you think Kitty made a very suitable match?

Clara, I think I'm beginning to understand it.

So you wish to marry my daughter?

As long as there was another boarder in the same house you had answered to that.

How is your garden coming along?

Honest! Is there any danger of this boat sinking?

# SMILES

"Nothing succeeds like success."  
Oh, I don't know. I've heard of  
money being made out of bankrupt  
ness."

## VACATION

Little bank roll are we part,  
Let me hug you in my heart.  
All too soon I've longed to you  
I've been faithful, you've been true.  
Little bank roll in a day  
You and I will start away  
To a gay and festive spot,  
I'll come home, but you will not.

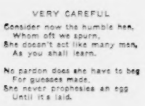

"As you were at the Whatdiffe  
New clock tea. What did you  
hear?"  
"A good appetite when I get  
home."

"This is the last month Tom and  
Jack will be friends."  
"What makes you say that?"  
"They rented a summer cottage  
together."

"These society functions are so  
natural, people pretending to be  
something they really are not."  
"Well that's natural."

VERY CAREFUL  
Consider now the humble hen,  
Whom off we spurn,  
She doesn't act like many men,  
As you shall learn.

No pardon does one have to beg  
For guerdon made.  
She never promises an egg  
Until it's laid.

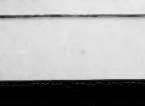

First Politician. At the foot of  
the ticket we want somebody with  
a barrel.  
Second Politician. Nobody with  
a barrel seems to want the honor.  
First Politician. Well, can you  
locate somebody with a keg?

"Then all her folks are against  
you?"  
"All except her little brother. I  
pay him for being neutral."

"How is it, Walter, that most of  
the things on your bill of fare are  
strange?"  
"Our new manager used to be an  
editor, sir."

Big Sister: That new babe of  
mine is a promising young fellow.  
Little Sister: Yes, he dreamed  
me a whole lot of things out of  
der barrel and I ain't seen it yet.

Wash Tubbs  
STUNKY, I FEEL IN  
THE LAKE AND CAN'T  
FIND MY WAY OUT.

HEY! WHERE DID  
YOU COME FROM?  
Boo!

WOW! I BETTER  
HIDE, THAT FELLOW  
LOOKS VICIOUS.

FREE PARKING

HEY, HEH, HEH! SO YOU'RE  
THE FISHERMAN WHO  
CAUGHT MY BROTHER  
LAST WEEK?

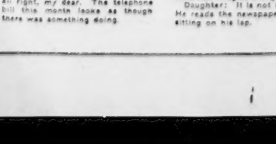

LEMME OUT!  
HELP!  
GIMME AIR!

WAKE UP, STUPID. IT'S TIME  
TO GO FISHING.
